■ PING NAKARA HOTEL AND SPA

CHIANGMAI
THAILAND

Discover Chiangmai's Graceful Charm. Ping Nakara gracefully captures the charm of Lanna Colonial architecture. The enchanting design is accented by hand-carved fretwork which creates a cool and restful environment. Awarded The Gold Award for "Thematic Ideas and Culture", the timeless forestry station from early 1900's was created as a unique boutique hotel. Nineteen individually styled rooms are decorated with handcrafted furniture and thoughtful use of natural materials, a distinctive yet practical style. The sophisticated design is matched by relaxed yet professional service, providing a welcoming retreat for guests.

Located just 5 minutes from the bustling Night Bazaar, Ping Nakara offers tranquility right in the heart of Chiangmai. Enjoy the serenity of the veranda next to the pool, curl up with a book in the library, unwind with a drink in the rotunda, or melt away in the Nakara Spa. The spa highlights Ayurveda treatment individually created to one's needs, and emphasizes establishing and maintaining a balance of the life energies within, rather than focusing on individual symptoms.

PING NAKARA OFFERS THE RENOWNED
"PILLOW MENU" FOR YOUR PERFECT NIGHT REST.
